They likely want info about Medicaid programs that cover home-based services, payment mechanisms, eligibility, etc. Provide overview, types of services, payment process, agencies, contact info, maybe links. Ensure helpful. Use markdown for headings, bullet lists. No code needed. Provide resources.

Medicaid Home-Based Services in Alabama

(Updated as of August 2025)

Alabama’s Medicaid program—Alabama Medicaid—covers a range of home- and community-based services (HCBS) for eligible individuals. These services are designed to help people remain safely in their own homes rather than moving to institutional settings. Below is a concise research-ready summary of the main payment services, eligibility pathways, and how providers get reimbursed.

1. Major HCBS Programs in Alabama

Program	Who It Serves	Core Services Covered	Funding / Payment Mechanism
Alabama Home and Community-Based Services (HCBS) Waiver (AL-HCBS)	Adults 21+ with a disability or chronic condition; some children with special health care needs (via the Children’s HCBS Waiver)	Personal care, skilled nursing, home health aide, OT/PT/SLP, respite, adult day health, home modifications, case management	State-wide waiver funded by federal Medicaid match; providers submit Claim Forms (CMS-1500 or UB-04) to the Alabama Medicaid Management Information System (MMIS).

Program	Who It Serves	Core Services Covered	Funding / Payment Mechanism
Alabama Long-Term Care (ALTC) Waiver	Primarily seniors (65+) and adults with functional limitations who would otherwise qualify for nursing-home care	Same as HCBS waiver plus additional services such as in-home supportive services, hospice, and transportation	Paid under the same waiver bundle; rates are negotiated annually with provider groups.
Alabama Medicaid Managed Long-Term Services and Supports (MLTSS) – “Alabama Care Options” (ACO)	Medicaid-eligible adults who are dual-eligible (Medicare & Medicaid) or meet income/asset thresholds	Comprehensive care coordination, personal care, home health, home modifications, medication management	Managed-care organizations (MCOs) receive a capitated per-member-per-month (PMPM) payment from the state and then contract with providers.
Alabama Medicaid Home Health Services (Traditional Fee-for-Service)	All Medicaid enrollees who meet clinical criteria for home health (e.g., post-hospital, chronic disease management)	Skilled nursing, therapy, home health aide, medical social work	Providers submit fee-for-service claims using standard Medicaid billing codes (HCPCS, CPT).
Alabama Medicaid Personal Care Services (PCS) – “Alabama Personal Care”	Adults with functional limitations who need assistance with ADLs (Activities of Daily Living)	Non-clinical personal care (eating, bathing, dressing, grooming)	Paid either fee-for-service or bundled under HCBS waiver, depending on provider type.

2. How Payments Flow to Providers

Step	Description
1. Authorization	Most HCBS services require prior authorization via the Alabama Medicaid Provider Portal (AMP) . Case managers (or MCOs) submit an HCBS Service Request (HCBS-SR) which must be approved before service delivery.
2. Service Delivery & Documentation	Providers record dates of service, type of service, and time spent in the Electronic Visit Verification (EVV) system (required for personal care and home health aide services).
3. Claim Submission	• Fee-for-service: Submit CMS-1500 (professional) or UB-04 (institutional) claim with appropriate HCPCS/CPT codes. • Waiver/Bundle: Submit a "Waiver Service Unit" claim that aggregates hours into a unit (e.g., 1 unit = 1 hour of personal care).
4. Adjudication	Alabama Medicaid's MMIS validates the claim, checks eligibility, and applies the negotiated rate. Rejection reasons are posted in the portal; providers can appeal within 30 days.
5. Reimbursement	Payments are made via Electronic Funds Transfer (EFT) to the provider's bank account, typically 30 days after claim acceptance. For MCO-capitated contracts, payments are made monthly based on enrollment data.
6. Audits & Quality Checks	The Alabama Department of Public Health (ADPH) performs periodic audits. Providers must retain documentation for at least 5 years .

3. Eligibility Overview (2025)

Category	Income/Asset Limits*	Other Requirements
HCBS Waiver (Adults)	Income $\leq$ 200 % of Federal Poverty Level (FPL). Asset limit: \$2,000 countable (excludes primary residence, one vehicle, personal belongings).	Must have a documented functional limitation that would otherwise require institutional care.
Children's HCBS Waiver	Income $\leq$ 300 % of FPL. Asset limit similar to adult waiver.	Must have a medically diagnosed condition that meets waiver criteria (e.g., severe cerebral palsy, complex medical needs).
MLTSS (Dual-eligible)	Must be enrolled in both Medicare and Medicaid. No strict income limit beyond Medicaid eligibility.	Must be assigned to an Alabama-approved Managed Care Organization.
Traditional Home Health	Standard Medicaid income eligibility ($\approx$ 138 % of FPL for most adults).	Requires a physician order for home health and a clinical need for skilled services.
Personal Care Services (PCS)	Same as HCBS waiver limits.	Must demonstrate inability to perform ADLs without assistance.

*Limits can vary slightly by county due to medically needy and spend-down provisions.

4. Key State Agencies & Resources

Agency	Role	Contact / Website
Alabama Department of Public Health – Medicaid Services Division	Program oversight, provider enrollment, policy guidance.	Phone: 334-242-2250 https://medicaid.alabama.gov/

Agency	Role	Contact / Website
Alabama Medicaid Management Information System (MMIS) / Provider Portal (AMP)	Claims submission, authorizations, payment reports.	https://provider.alabama.gov/
Alabama Agency for Health Care Administration (AHCA)	Oversight of HCBS waivers, quality monitoring.	https://ahca.alabama.gov/
Alabama Managed Care Organization (MCO) List	List of approved MCOs for MLTSS (e.g., UnitedHealthcare Community Plan, BlueCross BlueShield of Alabama).	https://www.alabama.gov/mco
Alabama Medicaid Provider Handbook (2025 Edition)	Complete billing codes, rates, and procedural guidelines.	Downloadable PDF from the Provider Portal.

5. Frequently Asked Provider Questions

Question	Answer
How do I become an approved HCBS provider?	1. Complete the Provider Enrollment Application on the AMP portal. 2. Submit required documents (business license, liability insurance, background check). 3. Pass the Provider Orientation Webinar (recorded version available). 4. Receive a Provider Identification Number (PIN) and a National Provider Identifier (NPI) if you don't already have one.
What billing codes are used for personal care under the HCBS waiver?	Use HCPCS G0151 (Personal care, per 15-minute interval) or the Waiver Service Unit code H0010 (1 hour of personal care). The specific code depends on whether you bill fee-for-service (G0151) or the bundled waiver unit (H0010).

Question	Answer
Do I need Electronic Visit Verification (EVV) for all services?	Yes, for any non-clinical personal care, home health aide, or respite services. EVV can be submitted via the state-approved mobile app or web portal. Clinical services (nursing, PT, OT) are not required to use EVV but still need time-of-service documentation.
What are the reimbursement rates for skilled nursing under the HCBS waiver?	Rates are negotiated annually. For FY 2025, the average per-hour rate is \$52.30 for skilled nursing (subject to geographic wage adjustments). See the 2025 Provider Rate Schedule PDF on the provider portal for detailed tables.
Can I bill both Medicaid and Medicare for the same home-based service?	No—the “no double-billing” rule applies. If a Medicare claim is accepted for a service, the Medicaid claim must be denied or reduced to the Medicare Secondary Payer (MSP) amount. Coordination of benefits is handled automatically by the MMIS.

6. Quick “Starter” Checklist for a Provider Wanting to Offer HCBS in Alabama

1. **Verify Eligibility** – Confirm your client meets HCBS waiver or MLTSS criteria.
2. **Enroll as a Medicaid Provider** – Complete the online enrollment, obtain PIN & NPI.
3. **Complete Training** – Attend the “Alabama HCBS Provider Orientation” (≈ 2 hours).
4. **Set Up EVV** – Install the state-approved EVV app on a work device.
5. **Obtain Prior Authorization** – Submit HCBS-SR through the Provider Portal before services begin.
6. **Document Service Delivery** – Record dates, start/stop times, and service type in EVV and clinical notes.

7. **Submit Claims** – Use CMS-1500 (or UB-04) for fee-for-service; use Waiver Service Unit claim for bundled waiver services.
 8. **Monitor Payments** – Check the “Claims & Payments” dashboard weekly; address any rejections within 10 days.
 9. **Maintain Compliance** – Keep all documentation for 5 years; respond to any audit requests promptly.
